## Our work

### IMPROVING PUBLIC SAFETY

CJI provides nonpartisan technical assistance, research, and other services to improve outcomes across the spectrum of the adult and youth justice systems.

### IMPLEMENTING EVIDENCE-BASED POLICY

We take pride in our ability to improve evidence-based policies and practices in public safety agencies and gain organizational acceptance of those practices. We create realistic implementation plans, put them into practice, and evaluate their effectiveness.

### JOINING RESEARCH AND PRACTICE

Our team of experts located throughout the country bridges the gap between research and practice, bringing decades of experience developing evidence-based, data-driven policies; managing complex processes with diverse stakeholders; and driving organizational change.

### WORKING WITH PARTNERS

As a nonprofit organization, we partner with governors, state agencies, legislative leaders, courts, corrections systems, law enforcement, private foundations, and more.

## Our values

We're united by our values — they shape our attitude and drive our work.

**Integrity | Compassion | Creativity | Excellence**
