

## Justice Reinvestment Initiative (JRI) – State Outcomes

Through JRI, state leaders work with experts to conduct agency-spanning data analysis; develop and implement data-driven, tailored solutions to address complicated criminal justice challenges; and maximize resources to achieve stronger and safer communities.

### **SOUTH CAROLINA**

*JRI Year: 2010*

*Goal: Improve community supervision, reduce the prison population and cost of incarceration*

### **TEXAS**

*JRI Year: 2007*

*Goal: Reduce corrections spending and increase public safety*

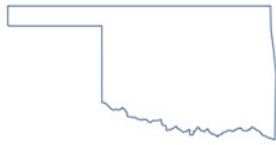

### **MISSISSIPPI**

*JRI Year: 2014*

*Goal: Manage costs associated with state prison and local jail populations and reinvest in effective programs*

<p><b>Outcomes:</b></p> <ul style="list-style-type: none"> <li>• <b>22.5% decline</b> in the overall prison population from 2009 to 2018</li> <li>• <b>58% decline</b> in revocations from 2010 to 2018</li> <li>• <b>Closed 6 prisons</b></li> <li>• Nearly <b>\$500 million saved</b> between 2012 and 2017</li> <li>• <b>No increase in crime</b></li> </ul>	<p><b>Outcomes:</b></p> <ul style="list-style-type: none"> <li>• <b>30,000 person decline</b> in prison population since 2007</li> <li>• Averted more than <b>\$1.6 billion</b> in additional prison construction and operating costs</li> <li>• <b>Closed 16 prisons</b></li> <li>• Reduced recidivism</li> <li>• <b>Crime rates are near historic lows</b></li> </ul>	<p><b>Outcomes:</b></p> <ul style="list-style-type: none"> <li>• <b>22% decline</b> in the overall prison population from 2014 to 2022</li> <li>• <b>28% increase</b> in the portion of prison beds occupied by people convicted of <b>violent offenses</b> from 2014 to 2022</li> </ul>

### Justice Reinvestment Initiative (JRI) – State Outcomes (cont.)

#### OKLAHOMA

*JRI Years: 2012, 2017*

*Goal: Assist law enforcement in implementing evidence-based strategies, create cost-efficient responses to supervision violations, (2017) reduce incarceration rate & improve public safety*

#### GEORGIA

*JRI Years: 2012, 2017*

*Goal: Safely minimize the use of incarceration and increase the use of alternatives that reduce recidivism*

#### UTAH

*JRI Year: 2015*

*Goal: Reduce recidivism, hold people accountable, and control the state’s prison population growth*

#### **Outcomes:**

- Awarded local law enforcement **\$10 million+** to implement data-driven strategies
- **Curbed projected population growth** with over 6,600 fewer people in prisons in 2019 than anticipated pre-reform
- Led to a **\$12 million** investment in corrections and treatment programs

#### **Outcomes:**

- **5.65% decline** in the overall prison population from 2017 to 2020
- **11.31% decline** in the actively supervised probation population from 2016 to 2020

#### **Outcomes:**

- **21% decrease** in the prison population
- **44% increase** in the portion of prison beds occupied by people convicted of **violent offenses** from 2014 to 2021
